POLAROID BY JEREMY PETTIS

she's splotched with porcelain

Kurosawa presides over the cinema
the remnant teeth

the rain pools in the turquoise ashtray

Kurosawa presides over the cinema
the procession of the foxes

the rain pools in the turquoise ashtray

through the open window
the procession of the foxes

the enflamed azalea
through the open window

she wakes up beside the river
the enflamed azalea

Kurosawa mourns the peach trees

she wakes up beside the river
her glasses imbedded with diamonds

Kurosawa mourns the peach trees
the turquoise the porcelain of

her glasses imbedded with diamonds

the water of the earth
the turquoise the porcelain of
the earth's flames bones foxes

the water of the earth

the azalea fondles
the earth's flames bones foxes

her mouth proceeds through life

the azalea fondles
the cinéma vérité

her mouth proceeds through life

she's splotched with porcelain
